CAIPE Activities

JANUARY 2019

2019 saw the CAIPE Newsletter evolve with many changes and updates made throughout the year. We began a new item with Guest Editorials and the first entry was written by one of our board members, Laura Chalmers.

At the CAIPE Executive Group Meeting on the 17th January we finalised a Knowledge Partnership Agreement with the International Foundation for Integrated Care.

It was reported that the Health Education England South/CAIPE pilot workshops were beginning to be delivered to three NHS Trust Pilot Sites by Richard Gray [CAIPE Honorary Fellow], Jenny Ford and Emma Smith [Board Members]. Following on this theme of Integrated Care underpinned by IPE within the pilots, the collaboration of CAIPE, Coventry University and Health Education England Midlands and East hosting a conference on 'Education and Training for Integrated Working – How are we doing?' Venue: Wolverhampton Science Park, Monday 8th April 2019.

FEBRUARY 2019

This month saw the announcement that CAIPE wished to convert from a registered charity to a Charitable Incorporated Organisation.

MARCH 2019

Kirsty Hyndes, Director of Interprofessional Education, and Suzy Plows, Administrator, Centre for Interprofessional Education and Learning, University of Nottingham hosted our first CAIPE Corporate Forum of the year. They provided an enriching and engaging

programme titled 'IPE: the students' perspective'.

In March CAIPE Members were asked to vote on the recommendation of the CAIPE Board for CAIPE to convert to a Charitable Incorporated Organisation and adopt a new constitution. This conversion would ensure the effective and efficient governance of CAIPE and the need to only register and submit annual returns to the Charity Commission and not additionally to Companies House. The CAIPE Board approved a new CAIPE Constitution following the Charity Commission Association Model template. Following an Extraordinary General Meeting the resolution was approved by CAIPE Members.

Colleagues from CAIPE Corporate Member Zuyd University, Netherlands shared news about their developments of IPE.

APRIL 2019

We are able to offer the following three workshops (maximum 25 delegates) to Corporate Members, Organisations and Individuals: • Introducing Interprofessional Education within your organisation- Ideas, Instruction, Infrastructure. • Interprofessional Education- Definitions, Dilemmas, Directions • Developing Quality Facilitators: Tools, Tips and Techniques See <https://www.caipe.org/expertise>

If you are an overseas member and considering an IPE study tour of UK Universities and / or practice locations we can assist in facilitating this see:

<https://www.caipe.org/resources/international> For researchers or those undertaking higher degrees we have a Research Enquiry facility at <https://www.caipe.org/resources/research>

MAY 2019

A busy month preparing for the forthcoming AGM and John Horder Award Day.

JUNE 2019

On the 12 June the CAIPE Chair was the keynote speaker at the Lambeth Early Action Partnership Workshop. They were the Team winners of the 2018 John Horder Award and the workshop provided opportunity to explore the challenges and benefits of collaborative working through interprofessional education and the achievements reached by LEAP. It was an excellent workshop and opportunity to meet and discuss with stakeholders from the voluntary sector support provided to the Lambeth Early Action Partnership initiative.

Sadly, we had to say goodbye to Kate Parkin and Jenny Ford who resigned as Board members and thanked them for many years of constructive and innovative contribution to the work of CAIPE.

AGM and The John Horder Award

The CAIPE Annual General Meeting was held on Thursday 13th June 2019 and the Chair welcomed members to the Review of CAIPE Activities over the last year and approval of the Annual Accounts. As reported in the Chair's report, CAIPE was very active over the past year with Board members leading on various working groups.

The John Horder Award 2019 followed this year's AGM. Hugh Barr, CAIPE President welcomed attendees to the event. Hugh provided an insight and personal tribute to the man behind the John Horder Award, some of which is included in the CAIPE AGM Report and Accounts. Dr Sanjiv Ahluwalia, Postgraduate Medical Dean at Health Education England North Central and East London and General Medical Practitioner provided the Keynote presentation: "Collaboration in General Practice- a personal perspective". Sanjiv has had a long association with CAIPE for its knowledge, skills and expertise. He provided a personal perspective sharing the impact John Horder had had on his collaborative practice stating that the journey of interprofessionalism in General Practice is a team sport. Rachael Kilner and Octavia Wiseman presented on behalf of the 2018 Team Award: The view from the front line: Family-centred care 'from conception to reception' in Lambeth. Dr Rachael Kilner, LEAP General Practitioner and Locum, The Tulse Hill Surgery, Lambeth, Co-Presenters; Ms Octavia Wiseman, LEAP Midwife, Kings College Hospital, Ms Claire Spencer, LEAP Midwife, Guys and St Thomas's NHS Foundation Trust and Breastfeeding Coordinator and Ms Carla Stanke, LEAP Public Health Specialist. The LEAP (Lambeth Early Action Partnership) health team initially spent time shadowing each of their colleagues in each of the three professional areas – midwifery, health visiting and general practice. They then met with a range of

professionals and families to understand what the system is like now, areas that work well and areas that could work better. The professionals involved in these meetings were cross boundaries –i.e. secondary care and primary care together, across professional job boundaries i.e. midwives and GPs, and practice nurses, and also across health and council service boundaries –children centre managers and commissioners from the council, GPs, public health specialists. This cross-boundary working is a key recommendation from the Better Births Maternity Review. Caoimhe Cooke and Johanne Barry presented on behalf of the 2019 Team Award: 'Pharmacy and Medical Students' Views on an Innovative Interprofessional Simulated Learning Activity' Caoimhe Cooke, Gerry Gormley, Sharon Haughey, Johanne Barry from Centre for Medical Education, Queen's University Belfast, Belfast, Northern Ireland; School of Pharmacy, Queen's University Belfast, Belfast, Northern Ireland. The presentation outlined the discussion of an innovative medical and pharmacy interprofessional simulation-based learning activity, developed by a team of researchers in Queen's University, Belfast. The project was designed to address the need for medical and pharmacy professionals to work openly and effectively as collaborators, with the aim of addressing their professional hierarchies and pitfalls in order to minimise prescribing and dispensing errors. Unfortunately, the 2018 Student Award winner Mr Danial Naqvi, Medical Student, Imperial College London was unable to present in person. However, Sundari Joseph, CAIPE Vice Chair provided an excellent stand in following a script from Danial and slides and presented 'Improving integration between primary healthcare and social care for the frail and elderly population'. Danial is a 5th year medical student who intercalated last year at the Imperial College Business School to undertake a BSc degree in Management. Through this degree he developed an interest in not only clinical medicine but also interprofessional working and the managerial side to healthcare. The 2019 Student Award winner was Erin Gilmour, 5th Year Pharmacy student from Robert Gordon University and presented 'An interprofessional approach to supporting substance misuse patients in primary care' in our E-Newsletter

The Conversion to Charitable Incorporated Organisation Online application and new constitution based on Charity Commission Association Model was submitted on 5 June 2019.

CAIPE were contacted by John Jenkins, Derek Gallen, Julie Brown and Alison Bullock who have reviewed their thinking about the initial proposal of a Federation of Healthcare Education, with the objective to strengthen the communication links between healthcare education organisations in the UK and Ireland. They have undertaken a study of shared

values and activities across the healthcare professions and are developing a paper for submission, as well as for presentation at relevant conferences. They presented the work at the Dublin meeting of INHWE (the International Network for Health Workforce Education) in January, where it generated much interest.

On the 27th June, CAIPE Board Members attended their annual Away Day at UCLAN in Preston, both in person and via Zoom which was successfully trialled. The objective of the day was related to exploring potential themes for future publications in the CAIPE/Routledge Collaborative Practice Publication series and areas for CAIPE interprofessional Research.

JULY & AUGUST

Virtual meetings continued to take place over the summer with the Interprofessional.Global Working Groups and Interprofessional Research.Global developing the global growth of interprofessional education, collaborative practice/working and research (<https://interprofessional.global>). In particular Interprofessional.Global worked with Qatar University, Doha in promoting the All Together Better Health X Conference "Cultivating a Collaborative Culture: Sharing Pearls. Of Wisdom", 24-27 October 2020, Qatar University, Doha, Qatar (see flyer under events).

The King's College London/CAIPE Conference planning group also met over the summer developing an interesting, interactive and discursive conference. 'Reduction of Harm Through Interprofessional Education and Collaborative Practice', Somerset House, London, 18-20 June 2020 (Conference Promotion Flyer below).

SEPTEMBER

September began with an exciting and interactive Corporate Forum hosted by Robert Gordon University, Aberdeen "Humanising Healthcare- Innovation as deliberate practice". Many thanks to Laura Chalmers for organising the event and to Sundari Joseph and Lesley Diack for organising an insightful social programme of Aberdeenshire.

On the 26 September on behalf of CAIPE the CAIPE Chair attended the Health Care

Professions' Education Leads Group. There were three interesting presentations that I shared:

- 'Universal Personalised Care' by Michelle Mello, NHS England & NHS Improvement. Exploring the roll out of planned training in Personalised Care to 75,000 practitioners (Universal Personalised Care Presentation).
- 'Reducing Pre-registration Attrition and Improving Retention (RePAIR)' by Professor Mary Lovegrove (RePAIR Newsletter)
- Strategic Interventions in Health Education Disciplines (SIHED) programme "I See the Difference" by Claudia Gold, SIHED Programme Manager. (I See the Difference Presentation & see <https://iseethedifference.co.uk/about-us/>)

OCTOBER

InterprofessionalResearch.Global at the Collaborating Across Borders VII Conference "Crossroads of Collaboration", Indiana announced prestigious

InterprofessionalResearch.Global Research Awards named after three incredible World-renowned Interprofessional Education and Collaborative Practice (IPECP) Leaders: 'The Barbara Fifield Brandt Award'; 'The Hugh Barr Award' and 'The John H.V. Gilbert Award'. Dr Hossein Khalili, Co-founding Lead for InterprofessionalResearch.Global presented Barbara, Hugh and John with Distinguished Global IPECP Research Award plaques at the conference in recognition of their many years of contribution, development, passion research, support and commitment to IPECP.

We began using Twitter to feed news items to the CAIPE website.

NOVEMBER

The CAIPE Symposium took place on the 29th November at Friends House, Euston, London.

The Chair continued this month to represent CAIPE's consensus partnership with Interprofessional.Global and InterprofessionalResearch.Global via Zoom meetings. In

particular the development and promotion of next year's ATBHX Conference in Doha, Qatar (<https://www.atbhx.qa>) and abstract submissions opened until 23 February 2020.

The Chair attended the Education Inter-Regulatory Group meeting (Representation from NMC, GMC, GPC, GDC,GCC, GOsC, PSA, HCPC,) on 25 November where they discussed: Understanding our approach to requests for endorsement and inclusion of content in curricula and related resources; Personal beliefs update; Enhancing communication between education and training organisations and their regulators; Approaches to preceptorship/transition from student to registrant; Supporting and assessing students: shared terminology; followed by a Information sharing workshop.

CAIPE strengthened its partnership with the Journal of Interprofessional Care and worked on a new agreement for January 2020 to December 2024.

This month's Guest Editorial came from our Board members Sharon Buckley, Nicola McLarnon and Laura Chalmers who lead on the CAIPE National Standards Working Group. CAIPE Board has tasked the Working Group to explore the development of National Standards for interprofessional education (IPE). This editorial provided CAIPE members with an introduction and outline of the Working Group proposal and the CAIPE Board were pleased to share this with our members and welcome any feedback. This was to help inform how we take the project forward in the New Year.

DECEMBER

Finally, a month to catch up on some admin work and take a bit of well-deserved time off!

Now we prepare for 2020 and the many exciting projects and events coming our way. We look forward to seeing you along the way!

2020 HIGHLIGHTS

13th March 2020 - **CAIPE Regional Forum** – University of East Anglia, Norwich

18th June 2020 – **CAIPE Summit** (including the AGM)

18th – 20th June 2020 – **KCL/CAIPE Conference** – King’s College London

24th – 27th October 2020 – **ATBHX** – Doha, Qatar

27th November 2020 – **CAIPE Symposium** – Friends House, Euston, London

KING'S CAIPE CONFERENCE 2020

The Reduction of Harm Through
Interprofessional Education and
Collaborative Practice

18–20 June 2020, London

Further information and tickets available at

kcl.ac.uk/ctbp

Interprofessional learning, collaborative practice and integrated care are now at the forefront of healthcare policy makers' priorities. However these policy priorities come with limited guidance supporting their practical realisation. New methods and approaches that scale the chasm between interprofessional aspiration and service reality are called for.

This conference will provide a forum that prioritises deliberations over presentations. Our principal aim is to take on the question of how to realise interprofessionalism and interprofessional learning in ways that impact on how care happens: what kinds of interprofessional learning and working are needed to tackle the increasingly complex circumstances that define the real world of care provision?

You are invited to submit an abstract outlining a current or recent piece of research. If it is accepted you will be asked to submit a video presentation in advance of the conference. At the conference presentations will be discussed in groups loosely organised around the conference themes and any additional themes emerging from submissions.

The conference themes are:

- Innovations in interprofessional education
- Educating teams for patient safety
- Complexity: consequences for interprofessional working and learning
- New healthcare roles: teaching and integrating new professionals

[Call for Abstracts](#) for our #INHWEBarcelona2020 conference. We already have an excellent [Provisional Programme](#) which is filled with exciting [Workshops and Panels](#). There is still plenty of space within the programme for your presentation so make sure you submit your abstract before Monday 3rd February 2020 via the following webform: <https://inhwe.org/abstract-submission>. Much more information about the event can be found in the newsletter below.

International Network for
Health Workforce Education

Barcelona 2020

3rd International Congress of Health Workforce Education and Research

As you probably read in our last newsletter, we are delighted to announce the details of the 3rd International Congress of Health Workforce Education and Research. The event will take place in Barcelona, Spain between Wednesday 2nd and Friday 4th September 2020.

Call for Sessions, Panels and Workshops

We would like to invite potential participants to submit proposals for Full Sessions, Panels and/or Workshops for the Congress in advance of our Call for Abstracts (which will be launched later this year). The deadline for submissions is **Monday 30th September 2019**. Please see the full [Call for Session, Panel and/or Workshop](#) for further details.

Key Dates

Monday 3rd June 2019 - Call for Sessions, Panels and Workshops Opens

Monday 30th September 2019 - **Call for Sessions, Panels and Workshops Deadline**

Monday 7th October 2019 - Call for Abstracts Opens

Monday 28th October 2019 - Notification of Acceptance or Rejection of Sessions, Panels and Workshops

Monday 6th January - Registration Opens

Monday 3rd February 2020 - **Call for Abstract Deadline**

Monday 17th February 2020 - Notification of Acceptance or Rejection of Abstracts

Monday 2nd March 2020 - Early Bird Registration Deadline

Congress Theme - Interprofessional Education

There is now significant evidence to indicate that effective interprofessional education is an innovative strategy that enables effective collaborative practice and improves healthcare systems. The 2010 WHO Framework states that “after almost 50 years of enquiry, the World Health Organization and its partners acknowledge that there is sufficient evidence to indicate that effective interprofessional education enables effective collaborative practice”. [Read more](#).

Pre-Conference - SAFEMEDIC Project

The SAFEMEDIC project aims to improve the workplace safety of healthcare professionals by increasing their skills and competences in dealing with difficult situations and runs from November 2018 to October 2020. The final conference of the project will be held as a pre-conference to the 3rd International Congress of Health Workforce Education and Research on **Wednesday 2nd September 2020**. [Read more](#).

Lots More Coming Soon...

We've got lots more details so make sure you follow INHWE on [Twitter](#) and keep an eye on our website for all the latest news!

for Integrated Care

Leading the global
movement for change

Registration for ICIC20 is now Open! Book Early for the Best Rate!

Registrations are now open for [ICIC20, the 20th International Conference](#) taking place in Šibenik, Croatia from 27-29 April 2020! We encourage delegates to book early to avail of the early bird discount and take advantage of current low rates on flights to/from Split and Zadar!

Please note the following:

- An early bird discount is available to everyone until **31 December** offering 10% reduction on all rates by using the code **EARLYBIRD**
- Special subsidised rates are available for Croatian delegates and other countries in the region including lower and middle income (LMIT) countries
- Reduced rates are available to those working in the public sector and to students studying full or part-time in the field of integrated care
- Bursary places are available to patients, carers and citizens, contact us directly for more information
- Discounted rates for hotel accommodation have been negotiated and full details are available during the registration process
- If you have any questions relating to the registration process please contact Emma at ICIC20@abbey.ie

REGISTRATION FEES

Normal Rate - €999 (Central Government, International Agencies, Private Sector)

Discounted Rate - €938 (Academic, Public, Not for Profit, SMEs)

Student Rate - €388 (full or part-time study in field of Integrated Care)

Local and LMI Rate - €349*

Local and LMI Student Rate - €250*

Bursary - free to attend (available to patients, carers and citizens - contact us for more information)

*Available to delegates from the following countries:

Croatia, Slovenia, Slovakia, Czech Republic, Hungary, Poland, Lithuania, Latvia, Estonia, Russia, Belarus, Ukraine, Moldova, Romania, Serbia, Bosnia and Herzegovina, Bulgaria, Greece, Turkey, North Macedonia, Albania.

These fees are available to all those from lower- and middle-income (LMI) countries.

[Click here](#) to see if the country you live in falls under this group.

[REGISTER NOW](#)

Getting to Šibenik

This year's conference takes place in the beautiful UNESCO city of Šibenik. The [Amadria Park](#) is the largest convention centre in the Croatia and Adriatic region. The city lies equal distance between Split and Zadar and the distance from both airports is one hour. Coach transfers from Split and Zadar will be available to delegates direct to Amadria Park where all the hotels are located within walking distance from the conference venue. Note, there are direct flights to both Split and Zadar from a huge number of international cities or connections can be made via Zagreb or international hubs such as London, Amsterdam and Paris. Once the summer schedule of flights has been published we will post information to the conference website. If you have any questions about getting to the conference venue please contact us at ICIC20@abbey.ie

Put your Organisation on the Global Stage

Participation at ICIC20 and partnering can occur in several ways. The International Conference on Integrated Care provides partners with many opportunities to connect with policy-makers, practitioners and researchers working towards integrated care. Over 1,000 global health invested practitioners, academic, researchers and students from around the world are expected to participate in the Conference in Šibenik, Croatia in 2020.

In addition to connecting participants with the valuable resources your organisation provides, your support enables community based leaders and students to attend by offsetting travel and registration expenses. Support from establishments such as yours is critical to the success of the conference. All profit from the Conference will go to the International Foundation for Integrated Care (IFIC). We are a not-for-profit network that crosses organisational and professional boundaries to bring people together to advance the science, knowledge and adoption of integrated care policy and practice. IFIC is also the main supporter of the International Journal of Integrated Care (IJIC).

We are going green in 2020

At ICIC20 we will reduce our carbon footprint and become a greener conference. We will reduce the use of plastic, increase our digital offer over print and recycle where possible. This year's venue is in walking distance from all hotels and the social activities and we will provide shuttle bus links from the local airports. You will find a range of green sponsorship options and will be recognised from the podium for supporting a greener conference.

Extend your reach beyond the conference

By making the conference available to view live online we extend our reach to thousands of integrated care professionals around the world. By aligning your organisation to the live video stream you too can connect directly with potential customers and raise awareness of your brand and its work in the field of integrated care.

If you would like to find out more or are interested in developing a bespoke support package contact [Fiona Lyne](#), Director of Communications.
