ATBHX Reinvented

October - November 2021

**The 10th International Conference on
Interprofessional Practice and Education:
“Sharing Wisdom”**

Message from The CAIPE Joint Chair:

Professor Elizabeth (Liz) Anderson

Dr Angela Lennox

Interprofessional.Global is launching 'All Together Better Health Reinvented'.

As we write our piece for the CAIPE October newsletter all the global networks for interprofessional education are working together as Interprofessional.Global and are launching a series of webinars. These on-line events aim to share the interprofessional learning and practice presentations which were originally accepted for the *All Together Better Health X* conference (ATBH) in Qatar in 2020, but postponed due to the COVID Pandemic.

The ATBH conference series, which began in 1997, has evolved into one of the main platforms for the exchange of scholarship in both education and practice concerning interprofessional learning and practise.

The ATBH webinars will take place throughout October and November, with every event bringing together presenters aligned to their global time zones. Many of the abstracts feature work from early development interprofessional researchers and educators. This provides an opportunity for all those interested in the development of interprofessional learning and practice to come together and learn with and from each other. Each event will last for approximately two hours and include up to four presentations, followed by debate and discussion.

CAIPE is hosting the European time zones and will be joined by members from all the interprofessional European regional networks. We hope many of you will support these events which offer an opportunity to exchange ideas and

learn from others; everyone is also welcome to join events in other global time zones. The details of abstracts for all the events can be found on the IP.Global website. We hope that you will register your attendance in order to receive the weblink to join the sessions. The European time zones events are as follows:

- 13th October 2021 start 10.30 a.m. - mid-day
- 20th October 2021 start 4.00 p.m. - 6.30 p.m.
- 27th October 2021 start 10.30 a.m.- mid-day

We wish to thank to Richard Pitt for his continued work within IP.Global and for his support in setting up these webinars.

Best Wishes

Professor Liz Anderson & Dr Angela Lennox

**The 10th International Conference on
Interprofessional Practice and Education:
"Sharing Wisdom"**

Over the month of October and November 2021 InterProfessional.Global will be holding a series of Global Café Webinars. Due to the Covid Pandemic the ATBHX Conference in 2020 was cancelled. Hence, InterProfessional.Global called for ATBHX abstract submissions to submit for a virtual ATBHX Reinvented series of webinars. We have twenty-five confirmed presentations based on the accepted abstracts submitted to the ATBH X conference. The presentations will be shared and hosted over eight sessions by the Regional IPECP Network members according to presenters preferred time zone. These are the Regional Networks of: APIPECnet, & AIPPEN; Arab Speaking & IndIPEN; AfrIPEN, CAIPE, IP-health & Nipnet; and AIHC, CIHC & REIP.

We are pleased that the first of the series of Webinars will be presented by the Regional Networks of AfrIPEN, CAIPE, IP-health & NipNET on 13 October 2021. The webinars will be a gathering of individuals from around the globe who will present their IPECP topic for 15 minutes followed by 15 minutes open discussion. Moderators and IPECP Experts from around the world will aid discussion and feedback. Each presentation will be recorded and posted on the InterProfessional.Global website on conclusion of the webinar series.

JOHANNA DAHLBERG

Facilitator of Interprofessional.Global

Dear IPECP friends and colleagues Welcome to ATBH X Reinvented, a virtual event of webinars promoted and organised by Interprofessional.Global (<https://interprofessional.global>). The Regional and Emerging networks of Interprofessional.Global have been working collaboratively on a programme based on submitted abstracts for ATBH X in Qatar. This internationally

respected IPECP Conference was unfortunately postponed to 2023 due to the Covid Pandemic. We have 27 Presentations confirmed from these abstracts which are presented below. Please read through this abstract book, check the programme and register for the presentation sessions you are interested in attending.

We look forward to a varied and stimulating series of presentations on IPECP and welcome your engagement.

Programme

Session One: 13 October 2021, 09.30 – 11.00 GMT | **AfriPEN, CAIPE, IP-Health, & NipNET**

Moderators & Experts: Richard. Pitt, Marion Huber and Alison Power

09.30 – 09.55 Elisabeth Schmidt

Dorothea Erxleben Learning Hub, Martin Luther University Halle-Wittenberg, Germany

10.00 – 10.25 Basira Kankia Lawal

Department of Clinical Pharmacy and Pharmacy Management, Kaduna State University, Nigeria
