

## Centre for the Advancement of Interprofessional Education

### Want to become a CAIPE board member?

Dear Colleagues,

As you may be aware, the Centre for the Advancement of Interprofessional Education (CAIPE)<sup>1</sup> launched its new strategy back in November 2022, focusing on four priority areas: Research; Standard Setting; Faculty Development; and Translation of Evidence into Practice. [CAIPE Strategy](#)

Since then, the CAIPE board and members have been busy taking these priorities forward. In order to continue this work and strategic direction, we are seeking new members to the board. Following a skills audit amongst our current board members, we are keen to hear from clinicians and people with additional skills in these areas:

- a) marketing/public relations
- b) understanding of digital technologies/digital infrastructure
- c) quantitative and mixed research methods

In addition, we seek candidates who are reflective of our local communities, in relation to diversity and background. We are committed to increasing the diversity of our board to ensure rich debate, diversity of thought and innovative solutions to achieving best practice in interprofessional education and collaborative practice. If you would like to join us on our exciting journey, we would welcome your expression of interest as follows.

- ❖ If you have any of these skills and would like to express your interest in joining the board then please submit your expression of interest (500 words max) and send to [admin@caipe.org](mailto:admin@caipe.org). Please include your contact details.
- ❖ If you want to know more about what it means to be CAIPE board member, then [click here](#).
- ❖ If you want to ask something or set up a brief chat with an existing board member, then contact [admin@caipe.org](mailto:admin@caipe.org) for an informal discussion.

The deadline for your expression of interest is **3 pm, Thursday 12<sup>th</sup> October**. Shortlisted candidates will be contacted for a telephone discussion and advice on next steps. If you do apply but are unsuccessful in getting a place on the board, then please consider working with the priority groups.

With best wishes,

from the CAIPE leadership team

---

<sup>1</sup> The Centre for Advancement in Interprofessional Education (CAIPE) *“is a scholarly organisation that works nationally and internationally to generate, synthesise and translate the evidence base for best practice in interprofessional education (IPE) and collaborative practice (CP). It does this in order to influence health and social care policy for the improvement of health outcomes for all.”*<sup>1</sup>
